PROJECTS

Property Sales Platform, Triptales Commercials Pvt Ltd (DIALURBAN):

- Built the client-side entirely in Next.js, creating pages for property listings, search filters, detail view and forms.
- Migrated existing React `. jsx` pages into Next.js, aligning all code under the `. jsx` convention while preserving component structure.
- Learned and implemented Next.js App Router for the first time, organizing `app/` directory routes and dynamic segments.
- Implemented server-side logic via Next.js `route.js` (App Router) files to expose CRUD API endpoints.
- Integrated PostgreSQL in Next.js route handlers for creating, reading, updating and deleting property records.
- Validated end-to-end functionality by testing API routes with Postman and verifying UI behavior in the browser.

Internship, Triptales Commercials Pvt Ltd (DIALURBAN):

Developed static web pages replicating pre-existing designs using React and Bootstrap.

Conducted performance and load testing on company web pages utilizing JMeter and PageSpeed Insights to ensure optimal functionality and speed.
